

ORDINANCE #9-23

**ORDINANCE OF THE BOROUGH OF BROOKLAWN,
COUNTY OF CAMDEN AND STATE OF NEW JERSEY
ADDING ARTICLE III., REGULATION OF PRIVATELY-
OWNED SALT STORAGE FACILITIES, IN CHAPTER 114,
PROPERTY MAINTENANCE, IN THE CODE OF THE
BOROUGH OF BROOKLAWN**

BE IT ORDAINED by the Borough Council of the Borough of Brooklawn, County of Camden, and State of New Jersey, that Article III., Regulation Of Privately-Owned Salt Storage Facilities, is added to Chapter 114, Property Maintenance, in the Code of the Borough of Brooklawn, as follows:

**Article III.
Regulation of Privately-Owned Salt Storage Facilities**

ARTICLE I. ARTICLE III. SECTION 114-15 Purpose.

The purpose of this ordinance is to prevent stored salt and other solid de-icing materials from being exposed to stormwater. This ordinance establishes requirements for the storage of salt and other solid de-icing materials on properties not owned or operated by the Borough of Brooklawn to protect the environment, public health, safety and welfare, and to prescribe penalties for failure to comply.

ARTICLE II. ARTICLE III. SECTION 114-16 Definitions.

For the purpose of this ordinance, the following terms, phrases, words and their derivations shall have the meanings stated herein unless their use in the text of this Chapter clearly demonstrates

a different meaning. When consistent with the context, words used in the present tense include the future, words used in the plural number include the singular number, and words used in the singular number include the plural number. The word “shall” is always mandatory and not merely directory.

DE-ICING MATERIALS means any granular or solid material such as melting salt or any other granular solid that assists in the melting of snow.

IMPERVIOUS SURFACE means a surface that has been covered with a layer of material so that it is highly resistant to infiltration by water.

PERMANENT STRUCTURE means a permanent building or permanent structure that is anchored to a permanent foundation with an impermeable floor, and that is completely roofed and walled (new structures require a door or other means of sealing the access way from wind driven rainfall). A fabric frame structure is a permanent structure if it meets the following specifications:

1. Concrete blocks, jersey barriers or other similar material shall be placed around the interior of the structure to protect the side walls during loading and unloading of de-icing materials;
2. The design shall prevent stormwater run-on and run through, and the fabric cannot leak;
3. The structure shall be erected on an impermeable slab;
4. The structure cannot be open sided; and
5. The structure shall have a roll up door or other means of sealing the access way from wind driven rainfall.

PERSON means any individual, corporation, company, partnership, firm, association, or

political subdivision of this State subject to municipal jurisdiction.

STORM DRAIN INLET means the point of entry into the storm sewer system.

ARTICLE III. ARTICLE III. SECTION 114-17 Deicing material storage requirements.

A. Temporary outdoor storage of de-icing materials in accordance with the requirements below is allowed between October 15th and April 15th, but no longer than 30 days without prior written approval from the Department:

1. Materials shall be placed on a flat, impervious surface in a manner that prevents stormwater run-through;
2. Materials shall be placed at least 50 feet from surface water bodies, storm drain inlets, and/or ditches or other stormwater conveyance channels;
3. Materials shall be formed in a cone-shaped storage pile;
4. All storage piles shall be covered as follows:
 - a. The cover shall be waterproof, impermeable, and flexible;
 - b. The cover shall extend to the base of the pile(s);
 - c. The cover shall be free from holes or tears;\
 - d. The cover shall be secured and weighed down around the perimeter to prevent removal by wind;
 - e. Weight shall be placed on the cover(s) in such a way that minimizes the potential of exposure as materials shift and runoff flows down to the base of the pile.

- (1) Sandbags lashed together with rope or cable and placed

uniformly over the flexible cover, or poly-cord nets provide a suitable method. Items that can potentially hold water (e.g., old tires) shall not be used.

5. The site shall be free of all de-icing materials between April 16 and October 14 of any calendar year.

B. De-icing materials should be stored in a permanent structure if a suitable storage structure is available. For storage of solid deicing materials in a permanent structure, such storage may be permanent, and thus not restricted to October 15 through April 15 of any calendar year.

C. The property owner shall designate a person(s) responsible for operations at the site where these materials are stored, and who shall document that weekly inspections are conducted to ensure that the conditions of this ordinance are met.

ARTICLE IV. ARTICLE III. SECTION 114-18 Exemptions.

This ordinance does not apply to facilities where the stormwater discharges from salt storage activities are regulated under another NJPDES permit.

ARTICLE V. ARTICLE III. SECTION 114-19 Enforcement.

This ordinance shall be enforced by the Brooklawn Police Department, the Brooklawn Property Maintenance Officer, and/or other Municipal Officials of the Borough of Brooklawn during the course of ordinary enforcement duties.

ARTICLE VI. ARTICLE III. SECTION 114-20 Violations; penalties.

Any person(s) who is found to be in violation of the provisions of this ordinance shall have 72 hours to complete corrective action. Thereafter, any person, firm or corporation who or which

shall violate any of the provisions of this Chapter shall, upon conviction thereof, be liable for penalties or any combination thereof as set forth in Chapter 1-15 of the Code of the Borough of Brooklawn, in the discretion of the Judge of the Municipal Court before whom such violation is heard and conviction made. Each day that a violation occurs shall be deemed a separate and distinct violation, subject to the penalty provisions of this Chapter.

ARTICLE VII. SEVERABILITY.

Each section, subsection, sentence, clause, and phrase of this Ordinance is declared to be an independent section, subsection, sentence, clause, and phrase, and finding or holding of any such portion of this Ordinance to be unconstitutional, void, or ineffective for any cause or reason shall not affect any other portion of this Ordinance.

ARTICLE VIII.

All Ordinances contrary to the provisions of this Ordinance are hereby repealed to the extent that they are inconsistent herewith.

ARTICLE IX.

This Ordinance shall take effect immediately after its passage and publication in accordance with law.

THE BOROUGH OF BROOKLAWN

BY: _____
JULIE A. McCLEARY, MAYOR

ATTEST:

RYAN GILES, BOROUGH CLERK

The foregoing ordinance was introduced by Mayor and Council at a meeting held on June 20, 2023. This Ordinance will be considered for adoption on final reading and public hearing to be held on July 17, 2023 at 6:30 pm in the Council Meeting Room, Brooklawn Borough Hall, 301 Christiana Street, Brooklawn, New Jersey.

The purpose of this Ordinance is to adopt certain regulations as required by the NJDEP relating to Private Salt Storage Facilities. A copy of this Ordinance is available at no charge to the general public between the hours of 8:30 AM to 4:30 PM, Mondays through Thursdays (Legal Holidays excluded), at the Office of the Borough Clerk, Brooklawn Borough Hall, 301 Christiana Street, Brooklawn, New Jersey.
